ABOUT THE BOOK

WHAT GOES UP MUST COME DOWN: LET'S FACE IT

Carol's goal is to provide an unfiltered look at the journey so many people consider. To share the positives and negatives, holding back nothing and painting the real picture of cosmetic surgery. Both inspiring and encouraging. Get an inside look at how Carol suffered but never gave up hope or her dreams. Speaking about the experience of writing the book, Carol states

"it was an emotional roller coaster. But I know people who are struggling with excess weight will be motivated by my story and make better life choices themselves."
